Box 327

BATTLE CREEK, NEBRASKA

PHONE ORange 5-2632

We wish to thank our many customers for their orders entrusted to us and also for the many letters and cards of voluntary testimonial. It helps make our work easier when we know we are pleasing you.

---

**VISITORS ARE ALWAYS WELCOME,  
BUT A SPECIAL INVITATION TO YOU AT  
IRIS BLOOMING TIME!**

---

## Terms of Sale

All orders over \$4.00 will be sent postpaid. Orders under \$4.00 please add 40c for postage.

Shipping begins July 1st on Tall Bearded, Fall Blooming and Dwarf Iris.

Siberian Iris can be shipped only in the Spring and Fall.

We do not substitute without permission, but if allowed to substitute we will give you a similar variety of equal or better value. Would greatly appreciate a list of alternates.

Compare Our Prices — You will find them very reasonable, and exceptional bargains with our Special Discounts.

If plants are not satisfactory upon arrival, please return at once and your money will be refunded. No adjustment can be made on plants not returned at once.

Place your orders early as some stock is limited. Orders accepted subject to stock on hand.

Please PRINT your name and address so we may avoid any mistakes.

## Cultural Hints

Iris are without a doubt the most satisfactory of all garden flowers. Hardy and so easy to grow. July, August and the first part of September are the best time to plant Iris in this section of the country for best results. If planted later it is well to use a light mulch in cold climates.

They should be planted in a sunny, well drained location. Do not plant too deep. The top of the rhizome should be just covered with soil. If planted too deep they will not bloom satisfactorily.

We use Bone Meal almost entirely as a fertilizer, occasionally we use well rotted barnyard manure or vigoro when we have a poor spot of ground.

They should be divided every 3 or 4 years so they do not become too crowded. Planting 3 of a variety in a group gives you a nice clump of color in a hurry.

The rhizomes of some varieties grow larger than others, so do not condemn the small rhizomes too hastily. It may be the normal size for that variety. Most onco-breds have small rhizomes.

## NEW INTRODUCTIONS FOR 1959

**ALMIRA** — (Freudenburg 1959) 34 inches tall  
(Chantilly X Hit Parade)

This sensational beauty of good substance is a clean canary yellow self, exquisite in form. There is a wide edge of lacing on both standards and falls, even the ends of the style arms are superbly laced. The full, wide, pure yellow beard increases the brightness of this beauty. It is prolific in bloom, hardy and a strong grower. As Seedling No. 55-75 it won a "CERTIFICATE OF HIGH COMMENDATION" from The American Iris Society in 1958. All garden visitors fell in love with it.

**NET PRICE \$25.00**

**SUNDAY GIRL** — (Freudenburg 1959) 40 inches tall  
(Susan Jean) X (Chantilly X Midwest Gem)

A lovely new Iris of unusual coloring. The domed standards are a beautiful shade of pink. The wide flaring falls are white with matching pink hafts and border, and a tangerine beard. The heavy substantenced flowers are excellently formed. It would be a valuable addition to any hybridizers collection as well as an attraction to the show garden. As a Seedling No. 56-14 it received an "C. C." Award at the Norfolk Iris Show in 1958.

**PRICE \$15.00**

**URANIUM BELLE** — (Freudenburg 1959) 28 inches tall  
(Snow Flurry X Tobacco Road)

This gorgeous heavy substantenced flower of perfect form is a creamy parchment with a green glow throughout, almost a uranium green self. The extremely ruffled, waxy domed standards and arched flaring falls with heavy ruffling are gracefully held on strong excellently branched stalks. As Seedling No. 52-36 it received an "C. C." Award at the Norfolk Iris Show in 1958.

**PRICE \$15.00**

## GENERAL LIST OF BEARDED IRIS

## SIBERIAN IRIS

These Iris are easy to grow. They will do well in any good rich garden soil, but they like plenty of moisture. They can be planted in full sun or partial shade. Keep your newly planted divisions well watered until they are established. They can be left undisturbed for years and when established grow more beautiful each year. They are ideal for floral arrangements.

<b>PLEASE NOTE</b> —Siberian and Spuria Iris will be shipped in the Spring and Fall only.	

## HOSTA OR PLAIN TAIN LILY

We have a surplus of the following three varieties of Hosta and are offering them to our customers at reduced prices. We use these for the edges on our perennial borders. The leaves are used extensively for filler in flower arrangements.

**HOSTA COEREULA**—The leaves are a glossy green and very large in size. It is wonderful for a border for the Hemerocallis or Iris beds. Blooms in July and August. Lavender blue flowers. Regular price is 75c. Our price 35c each or 4 for \$1.00.

**HOSTA LANCIFOLIA FORTIS**—Long lance-like dark green foliage. Flowers are violet and bloom in September and October when flowers are scarce. When planted close together makes a compact mound of green along a border. Regular price 50c each. Our price 25c each or 6 for a \$1.00.

**HOSTA VARIEGATA**—This beautiful Hosta is noticed and admired by all our garden visitors. The lovely variegated leaves of white and green are curled and twisted and are ideal as filler for flower arrangements. Makes a beautiful edge for a perennial border. Regular price 75c. Our price 50c each or 3 for \$1.00.

# HEMEROCALLIS

This popular perennial, commonly called Day Lily, is truly the busy man's flower, as they need so little attention. They give such a huge amount of enjoyment of the little care they take. They do well in any good garden soil in full sun or partial shade. They are hardy and can be left undisturbed for years. They can be planted at any time the ground can be worked. By careful selection of varieties you can have bloom from early Spring until Fall.
